THE PE

THE WELL-ARMED AMERICAN

The private arsenal in U.S. homes now totals 90 million weapons, according to an estimate by the FBI. Family gun racks in the 63 million U.S. households boast 35 million rifles and 31 million shotguns. Add to that 24 million hand guns. The small-arms inventory for the U.S. armed forces: 4.8 million guns, including those in Vietnam.
